Bangalore, India | (+91) 9057266511 | shreyaarora02aug@gmail.com | Nationality: Indian

PROFESSIONAL SUMMARY

Experienced **Senior Digital Analytics Implementation Engineer** with 4.5+ years of expertise in web analytics, data integration, and tag management. Proven track record at **Google Operations** and **Orange Business Services** in translating complex business requirements into actionable technical solutions. Skilled in managing high-priority projects and bridging the gap between engineering teams and global stakeholders.

WORK EXPERIENCE

Senior Digital Analytics Implementation Engineer

Feb 2025 – Present

Orange Business Services, Bangalore

- Design and maintain complex digital analytics solutions across client platforms to drive data-driven decision-making.
- Translate client business needs into technical tagging roadmaps and actionable implementation insights.
- Ensure quality and consistency across data integration platforms, utilizing JavaScript, HTML, and Cloud (AWS/GCP).

Senior Tech Associate (Implementation Specialist)

Sep 2022 – Feb 2025

Google Operations

- Acted as a Google Ads and Analytics specialist, managing end-to-end technical configurations for global clients.
- Collaborated with cross-functional teams to troubleshoot complex tagging issues across Shopify, WordPress, and Wix.
- Delivered technical presentations and managed stakeholder communications for large-scale implementation projects.

Data Analyst

Sep 2021 – Sep 2022

ATSG

- Resolved Priority-1 and critical operational issues, maintaining service level agreements (SLAs) for enterprise clients.
- Utilized Jira and SQL to track workflows, address operational challenges, and improve data reporting accuracy.
