

CHETAN KUDLA

Mobile Application Developer (Flutter)

+91-7411431810 | cskudla99@gmail.com | [LinkedIn](#) | [GitHub](#) Haveri, Karnataka

SUMMARY

Mobile Application Developer with hands-on experience building cross-platform applications using Flutter and Dart. Strong foundation in Clean Architecture, state management (Riverpod), and Firebase-based backends. Experienced in developing MVPs, integrating APIs, and delivering production-ready mobile apps. Familiar with CI/CD pipelines using GitHub Actions and basic DevOps workflows to automate builds and testing.

TECHNICAL SKILLS

- **Languages:** Dart (proficient), Kotlin & XML (basic).
- **Mobile Development:** Flutter SDK, MVVM, Widget Testing.
- **State Management:** Riverpod, Bloc (Basic understanding).
- **Backend & Networking:** REST APIs, Dio, Firebase (Auth, Firestore), JSON Serialization & Error Handling.
- **UI/UX & Design:** Material Design Guidelines, Cupertino Widgets, Responsive Layouts, Figma-to-Flutter Implementation, Animations (Hero, Rive).
- **DevOps & Tools:** Git, GitHub Actions, Docker (Basics), Android Studio, AI-Assisted Development (Prompt Engineering Basics).

EXPERIENCE

Mobile Application Developer (Flutter) | BrixChand (May 2025 – Dec 2025), StudyBro (Aug 2023 – Dec 2023) & Namma News Media (Feb 2024 – Jul 2024).

- **Designed and developed:** Built scalable cross-platform mobile applications using **Flutter** and **Dart**, delivering solutions for diverse client requirements.
- **Rapid Prototyping:** Successfully delivered **MVPs** for internal and client testing, utilizing efficient code reuse strategies to reduce development time by **50%**.
- **Hybrid Engineering:** Engineered cost-effective solutions (like the SBSC portal) by integrating **WebViews** with Native Android (Kotlin) and automating workflows using **Telegram Bots** and **SheetDB**.
- **DevOps Implementation:** Established **CI/CD pipelines** using GitHub Actions to automate testing and build generation, significantly reducing manual deployment errors.
- **Strategic Leadership:** Leveraged content strategy expertise to build digital products that generated **millions of views**, ensuring technical features aligned with user engagement goals.

KEY TECHNICAL PROJECTS

MindFlow (Meditation MVP) | Role: Product Engineer

- **Complex UI/Logic:** Developed a high-fidelity audio wellness app using Riverpod for state management and Just_Audio for background playback.
- **Performance:** Implemented offline caching strategies and complex UI animations to ensure smooth user experience without internet.

SBSC (Client Portal) | Role: Developer

- **Hybrid Architecture:** Developed a hybrid Android app (Kotlin + WebViews) for worker management, ensuring seamless web-to-mobile performance.
- **Automation:** Architected a **zero-cost backend** by automating file storage and data sync using **Telegram Bots** and **SheetDB**.

StudyBro (Notes Platform) | Role: Co-Founder & Lead UI Engineer & Growth

- **Product:** Directed the product roadmap and UI/UX design for a resource-sharing app, translating student needs into technical requirements.
- **Growth:** Executed campus marketing campaigns, successfully acquiring 500+ active student users in 3 months

EDUCATION & TRAINING

Bachelor of Computer Applications (BCA) | KLE'S GH BCA COLLEGE, Haveri

Completed Aug 2025

- **Leadership:** Served as Social Media Coordinator, managing campus branding and executing digital campaigns that increased student participation.

Professional Training & Certifications | Bangalore, India

- **Flutter Development:** Completed Udemy Bootcamp by Maximilian Schwarzmüller, mastering Dart, State Management, and Firebase.
- **DevOps Engineering (PySpiders):** Ongoing hands-on training in Git, GitHub, Linux, Docker, and CI/CD workflows.
